PRUNE POOL RAPIDLY GAINING FAVOR HERE

Instructive Review Of Campbell Hi

By D. H. Cramer

One of the institutions which has been identified with Campbell and the surrounding communities for a considerable number of years is the Campbell Union High School. It was established in 1900 by J. Fred Smith, who continued as principal until his death in 1912, and has grown in size from a school with only a small number of students to one with an enrollment of over 400.

Originally the high school district comprised four grammar school districts, viz., Cambrian, Campbell, Hamilton and San Tomas. A few years ago the three districts, Meridian, Moreland and Union were added, making an assessed valuation at the present time of six and a quarter million dollars.

The main building in which the school is now housed, and which has long since become wholly inadequate, was erected in 1903-1904. The following from the January, 1904 issue of The Oriole, the high school publication, is interesting:

"The same old theme is the new high school building, of course. Its progress has been remarkable. This beautiful California mid-winter weather has been perfect and there has been no delay in the construction. The building is in the charming old mission style with modern improvements. Many are remarking on the beauty and convenience of the structure. It has already taken definite shape and is shingled, boarded and windowed. On the main floor a large assembly hall, five large recitation rooms, and office and libraries are laid off. In the basement are two long chemical laboratories, two cloak rooms, a large lecture room, and a room for our athletes. We are all impatiently awaiting the Easter vacation when the school will be ready for our use."

When the present grammar

(Continued on Page 8)

NEWS!

What is goin on in your neighborhood?
Couples are being married,
New homes are being occupied,
New babies are being born,
Parties are being held, neighbors are going away, coming home, entertaining guests,
Anniversaries are being celebrated, clubs and groups are holding meetings, individuals are finding interesting places or making important changes in professional and business life.
The Campbell Press is your newspaper, published each week to chronicle the happenings of this community, as well as to reflect the best thought and champion paramount interest of Campbell.
It needs the cooperation of every one of its readers to make it a serviceable and interesting news paper.

TRANSIENTS CAN GET NO RELIEF HERE, IS REPORT

A number of years ago, before the Community Chest was organized in this county, the several churches, lodges and Chamber of Commerce in Campbell, appointed certain representatives of these organizations to form what was to be known as the Campbell Relief Committee. This committee became the custodian of the general funds raised for relief work in, and about Campbell.

When the Santa Clara County Community Chest was organized, the Campbell Relief Committee was granted the privilege of joining forces with it. A Council was organized in Campbell, which invited representatives from the seven union high school districts to participate.

A budget is made out in the fall of each year, which is added to the other items of the Santa Clara County Community Chest. The amount raised for relief in the seven school districts in 1931 was $1000. This amount has nearly all been spent in the six months of this present year.

It is extremely necessary that care be taken and relief be granted only to the needy of the seven school districts. Transients who come into the districts without means, looking for work, cannot be helped financially during the remainder of the year. Their only means of relief is through the county welfare agency of San Jose, and not the Community Chest or relief committee. We believe transient fruit workers should be discouraged from locating in this community unless work has been secured.

The members of the Campbell Relief Committee are: Chauncey H. Whitman, president; Mrs. Walter I. Merrill, secretary; Mrs. A. D. Rice, treasurer; HerbertM. Shadle and Frank Coupland.

Scout Troop Nehi Guests

Thirty eight Campbell Boy Scouts were guests of the Nehi Company of San Jose Saturday, July 2. The affair was part of a "visiting day" program arranged by their scoutmaster the Rev. J. H. Bennett.

Conveyed to their destination in automobiles furnished through the courtesy of several Campbell residents, the scouts, upon arrival, were cordially received and escorted by the management through the various departments of the plant.

Before departure they were invited to choose and enjoy their favorite flavors.

The generosity of the Nehi company will long be remembered by Troop 28.

CAMPBELL MARKET INSTALLS FINE NEW CUTTING MACHINE

"Meet Jim Vaughan, our new electric meat cutter, which cuts our quality meats absolutely even without bone splinters," invites A. B. Gilson, proprietor of the Campbell Market.

"Meats cut with 'Jim Vaughan' retain all their flavor and juices, the fine tissues remain intact, and handling is reduced to a minimum.

"With this new sanitary machine we can serve your meats better and quicker," concludes Mr. Gilson.

Dan Yeager returned today from a rural mail carrier's convention held in Riverside this week. He was a delegate from this district.

Mrs. C. W. Sutter was visiting in San Francisco last week.

Mr. and Mrs. Lloyd Cooke spent the holiday in Santa Cruz.

JAMES MILLER, CRIME TUTOR, NOW "LIFER"

"Fagan, youse is a viper," was probably the thought of Judge R. R. Syer yesterday as he sentenced James H. Miller, modern "Fagan," to life imprisonment. Prior convictions werer largely responsible for the severity of the sentence.

Deputy Sheriff Harry Evans and Constable Coupland apprehended the man at his Gilman avenue abode in March, when they suspected him of local burblaries. Miller had 13 San Jose youths (none from Campbell) "working" for him at the time. They were all taken into custody.

POLICE PATROL DISCUSSED AT C. OF C. MEETING

At a regular meeting of the Chamber of Commerce here Tuesday night the question of police patrol and the forming of a police district was again brought before the organization. So numerous are the demands being made upon Evans and Coupland that a proposal was made to form service similar to that of other towns of this size. The regular committee is which was appointed last year is working out a plan to take care of this situation.

Dr. W. I. Merrill was appointed to look into the possibilities of holding dancese here in Campbell to raise funds for the organization.

Dan Yeager was appointed secretary to take the place of Rev. Buell who has been transfered to Mountain View.

Mrs. E. W. Ohlen is visitinb friends in San Francisco this week.

Time Is Short! Sign Up Now, Urges Head Of Civic Group

By H. M. Shadle

Have you signed the Prune Pool contract? Don't wait until the last minute. If the 85 per cent is not signed by August 14, you are out anyway. Your signature helps your neighbor. It gives him courage.

Reports have been coming in that one of our large banks was opposing the Pool. This hasbeen checked up carefully and we find that this bank has subscribed $500.00 to the emergency fund. The reports are probably based on the position the president ofthe bank took as regards previous cooperative movements. This is a different situation.

Mr. S. N. Hedegard, one of the originators of the gigantic cooperative Prune Pool plan will give an address on the subject over radio station KQW Monday at 7:30 p. m. Don't miss it!

This is a real emergency and this bank, sensing the strength the Pool plan would give to their loans, has changed its policy. A person or institution who thinks correctly will change their attitude when the emergency arises.

And this is a *real* emergency.—This is a *war* on competitive selling—this is the last stand for thousands of prune growers—it is *now* or *never*. You *must* admit that the high cost of low prices is prohibitive. If you think you are saving money by keeping commodities at ruinously low prices just remember what has happened to your prune prices. Think in terms of the industry as a whole and not from your own individual selfish standpoint. If there was any way to double the price of farm products tomorrow we would snap out of this depression like nobody's business—(excuse the slang).

Get in touch immediately with the chairman of your local committee which is Mr. E. K. Clendenning

(Continued on Page 8)

BOOST!

Boost your town, boost your friend,
Boost the lodge that you attend;
Boost the street on which you're dwelling;
Boost the goods that you are selling;
Boost the man for whom you labor,
Boost the stranger and your neighbor;
Boost for every forward movement,
Boost for every new improvement;
Boost Campbell youth, woman and man,
Boost to the end our Prune Pool Plan.

Campbell News Jots

Rev. Rowland B. Dodge of Palo Alto will be the preacher this Sunday morning at 11 a. m. at the Congregational church .There will be no evening service as Mr. Bennett is on a weeks' vacation.

Miss Dorothy and Miss Gladys Merriman started this Thursday on a 17-day trip to Alaska with the E. E. personally arranged tour.

Dr. and Mrs. F. R. Anderson and children, Miss Gertrude Boehme and Mrs. Frank Boehme spent the week-end and holiday at Redwood Estates with Mr. and Mrs. P. H. Dunlap and son.

Miss Emma Miller of Palo Alto, was visiting friends and relatives here last week.

Mr. and Mrs. Roy Archibald and son spent the week-end and holiday at Twin Lakes.

Born to Mr. and Mrs. Joe Parks on Central avenue an 8 pound boy, Gary Lee, last Thursday, July 7.

Mrs. Ralph Hyde and son Homer are spending a few weeks at their cottage at Twin Lakes. Mr. Hyde joined them over the week-end and holiday. Mrs. Carl Field and children leave today to spend a week with Mrs. Hyde.

Mrs. H. Singleton, Mrs. Maude Sourriseau, Mrs. Marion Plumm and W. B. Jones sailed from San Francisco Saturday for a voyage via Seattle through the inside passage to Alaska for a summer vacation trip.

Mrs. W. H. Stray is confined to her home with a badly sprained foot. She caught the injured member under the garden hose and fell in such a way that the first two toes were doubled over, causing the injury.

Mrs. O. Putnam, Mr. and Mrs. Wayne Sanders spent the week-end at Tahoe with Mr. and Mrs. C. B. Miracle. They returned through Kit Carson Pass through Jackson and report mountains of snow in the pass.

Mrs. Howard Downing and son, Gerald of San Francisco, are visiting Mr. and Mrs. George Morton and family. The Mortons will accompany them back to San Francisco for a week's visit.

Mr. and Mrs. T. A. Robinson and Mr. and Mrs. L. E. Eddlemon were among the thousands that enjoyed the beauties of Yosemite over the holiday and week-end.

MORGAN'S OFFER THRIFTY BARGAINS FOR FRI-SATURDAY

"Mickey" Morgan, head of the dry goods firm which bears his name, returned recently from a buying tour of the San Francisco wholesale district.

He returned to Campbell with many new arrivals in fashion, and has arranged them in an inviting manner for thrifty Friday and Saturday shoppers.

Delicately patterned summer frocks of batiste, vat-dyed, which means puaranteed fast colors, will win the approval of every feminine heart in Campbell. The sale price of 49 cents seems unbelievable—certainly it would cost more to make one at home.

Men's colored broadcloth shirts, cellophane-wrapped, bear a 50-cent price tag for Morgan's "Confidence in Campbell" sale. Even in view of the rumor that tennis shoes are going up in price pretty soon, Mickey has marked all men's and boys' sizes down to 39 cents for Friday and Saturday. You'll have to get there early, though.

Many other specials equally attractive are featured for this event.

George McDonald, Cannery Worker, Injured This Week

While trucking in the Ainsley company warehouse, George McDonald, local cannery worker suffered a severe laceration over his eye caused by the force of a packed gallon size can hurtling down from the top of a stack.

It was necessary for Dr. Merrill, who responded to the call, to remove the injured man to his office where several stitches were taken to close the wound.

Announcement Of Helen Alison Marriage Received Here Today

Received in Campbell this week was the announcement of the marriage of Helen Ralston Alison, daughter of Mrs. Ralston Alison, to Fred Maurice Cleaveland, Jr., in Los Angeles, Friday, July 1.

The bride is well known in Campbell, having grown up and gone to school here. Later she attended Palo Alto high school, and Pomona, near where she and her mother have been living the past several years.

Mrs. Ida Price Wins Prize In Limerick Contest

That Mrs. Ida G. Price of Campbell was one of the successful "poets" in the June Hi-Octane limerick contest of the Richfield Oil Company, was the word received here yesterday from Richfield headquarters.

Mrs. Price was awarded a ten-dollar gasoline coupon book, one of 26 such prizes awarded on the Pacific coast, in addition to four $100 cash prizes.

"Mrs. Price's verse narrowly missed winning the top prize for northern California," was the statement made by the judges.

LOCAL TRADESMEN REBUILD IGA STORE

Much favorable comment has been heard on the selection of fixtures and the arrangement of stock in R. C. Leavenworth's new I. G. A. store.

The installation of the store's sanitary ventilating and lighting system has not only added much to the I. G. A. plan of merchandising, but has also provided a substantial "payday" for several Campbell tradesmen.

New low Leavenworth prices of foodstuffs of honest quality and quantity will be found in the Press for Friday and Saturday shopping.

REGISTER NOW IF YOU WANT VOICE IN NOV. BALLOT

There were several eligible citizens in Campbell and adjoining precincts who were not registered before the May primaries. In order to vote at the August primaries all who have not registered since January 1, 1932 must do so on or before the twenty-first of this month also any who have moved their place of residence since and have not re-registered must do so.

To be entitled to vote for any candidates except those for non-partisan offices, a party preference must be stated by the registrant. At the November election the names of all candidates who qualified at the primary election are placed on one ballot.

MRS. VOGE HINTS AT FINE READING IN LOCAL LIBRARY

The County Library has been kind to the Campbell Branch this spring. We have many interesting non-fiction books, as well as the familiar favorites — the current Zane Grey, Faith Baldwin, Sabantini and Kathleen Norris— Martin Johnson's book, "Congorilla" tells of his beautiful home in Africa, and new adventures with animals, new feats of his pretty wife. "Robin Hood of Eldorado" is the story of our own bandit, Joaquin Murrieta, "Forty-niners" by Archer Hulbert is a prize-winning account of California history.

If you want information in an attractive form, read "Adventures in Genius" by Will Durant, or"Sorbut You're Wrong About It," by Wiggam. If you want real brain exercise, read "Philosophy and Civilization," by John Dewey, or "World Politics" by Hocking.

"The Good Earth" by Pearl Buck has a long waiting list, just as "Seed" had last year.

There are always many good books in a library, which are perhaps overlooked by seekers after the newest best-seller. We have many excellent and fascinating biographies which are not read as often as they might be. The County Library has sent us a number of good mysteries and "western." Some of the mysteries have been pronounced the best ever by our mystery fans.

If you read westerns, try to interlard them with some books of other types, for no matter how many westerns they send us, there are never enough to go around.

If you are just introspective, and like to know your characters inside out, and if you, too, plan all year on your summer holiday, you will laugh and cry over the adorable family pictured by Sheriff in his "Fortnight in September." Sheriff is the author of "Journey's End." This book has the same poignant portrayal o fhuman nature, but don't take it if you like action.

—L. V.

AMERICAN TRUST CO. IN FINE SHAPE, SAYS STATEMENT

Coontinuation of conservative policies by the management of the American Trust Company is reflected in the strong mid-year statement just released.

Cash, governments, municipals and other bonds total $107,376,223.-36 against $205,445,532.42 of deposit liability indicating a liquidity of 52 per cent, an increase of three per cent over the Dec. 1 figures.

An analysis of the bank's bond holdings shows: 59 per cent governments, 35 per cent state, county and municipals, and six per cent in other bonds.

The liquidity of the loan account is exemplified by a decline of $13,-512,499.52 in loans during the past six months.

Relative stability of business conditions in the San Francisco Bay region is reflected in the statement of the American Trust Company, whose branches encompass the full scope of this territory.

The Pioneer

This pioneer association was founded in 1885 to encourage thrift and aid residents of this community in obtaining their own homes.

Since that time, the San Jose Pacific has helped four generations of savers and home owners.

Managed by men you know, this old and conservative association is continuing today the same constructive service that was started by its founders nearly half a century ago.

ER OF CALIFORNIA STATE PRESS ASSOCIATION

HONEST WEIGHT—NO SPRINGS

Reports come to us that the "foreign market" menace to Campbell Merchants is on the decline. A noticeable increase in home patronage is taking place daily! Many olr customers who cultivated the out of town buying habit are coming back to the conveniently located Campbell merchant whose fresh merchandise in honest weoght is retailed at new low prices.

The drawing card features of the "bargain centers" are losing their magnetic appeal. Perhaps the whispered fact that eighteen merchants operating retail stores (not Campbell merchants) were placed under arrest charge with violating the weights and measures law, has had some effect..

According to the report received gy the Press, an investigation directed by the California State Division of Weights and Measures, eighteen complaints, in which irregularities in weights and measures are charged to have occured in the stores in question. Complaints were issued by that city's prosecutor with a private detective agency appearing as the complaining witness. Several other—well what's the use oof going into that now.

Our Campbell merchants have established a reputation for honest weights and measures and their prices are based on the lowest margin of profit.

TOPIC OF THE DAY

A large number of our subscribers are not affiliated with our great prune industry, we believe there are some who do not even include prunes in their diet but neither of these two reasons eliminate anyone from giving the industry their moral support in the growers frantic effort to bring the cooperative prune marketing plan to a successful close.

If the plan is defeated the effect of the loss will be so far reaching that it will be seriously felt by everyone in every walk of life. Defeat of the project will mean the snuffing out of existence honest prune growers who are struggling against a parasite, forced to hold which rightfully belongs to them.

Nothing is more important today than the successful completeion of the prune pool plan. Its magnitude overshadows our coming presidential election, tax reduction recommendations, and all other pressing issues of the day.

The prune grower is staking all he possesses in time, physical energy, credit and cash to ward off the crushing effect which failure of the plan will inevitabdy abtain. Some have gone so far as to predict, should defeat enter the issue, that it would mean the collapse of towns, the crippling of allied industries, which in turn will add more unemployed workers to the already depleted ranks. Such disaster will resound from the ranches to the echoeing chambers of state and no one will escape the damaging effect.

There is no room for "ifs" or sink or swim theories in this controversy, it is now a plain, positive case of putting over the prune pool plan in a quick, definiite and decisive way.

Read the published appeals made by the growers themselves and repeat them to others who rae less informed on the subject.

PRACTICAL HEALTH HINTS

By Dr. W. I. Merrill

Why remove the Tonsils? Many parents hesitate and question the necessity of removing tonsils. The youngster has occasional "sore throat," it is true, but so do the other children. He has never had rheumatism and his heart is alright. Why then subject him to the discomfiture of an operation? Besides tonsils must be of some use else why would they have been placed in the body.

This all seems sensible enough, but parents do not look at the other side of the picture.

It is generally agreed by all fair minded members of the Medical Profession all over the world that bad tonsils cause rheumatism and heart disease. It is also generally accepted that complete removal of bad tonsils in children prevents a vast number of rheumatic fever cases and the resulting rheumatic heart diseases. A history of repeated sore throats is of more importance than tonsils which look bad. Even when the tonsils look to be apparently healthy but the throat is frequently sore the tonsils should be removed. Although the removal of tonsils does not take long, still it should be done by men competent to do the operation scientifically. Often times we see the imperfect results where pieces of the tonsil are left and these remains are many times more dangerous to health than the original tonsil.

What is my point? That while parents naturally dislike the idea of the operation on the child, they should ask themselves whether they are not storing up for their child and themselves years of suffering and uncertainty by taking a chance on infected tonsils or so called sore throat.

Watch your youngster and if he or she complains of frequent sore throat, consult a reliable physician in whom you have confidence and follow his advice.

Is It Or Is It Not?

By Dr. J. E. Fanning

"I do not wish to disparage, unduly, the value of the toothbrush as an aid to oral hygiene, but I do want to stress the fundamental importance of rational dietetice."

For many years the dental profession has been persistantly telling the public that the regular use of a toothbrush will prevent both dental decay and pyorrhea. In consequence, more toothbrushes are being used today than ever before in the world's history. Has there been a resultant lessening in the incidence of dental disease? Most emphatically no. It is still the most prevalent of modern complaints.

At the same time it should be recognized that had toothbrushes not been so extensively used in the past to counteract the ill-effects of refined foods, dental disease might be even more rampant than it is today.

Toothbrushes are merely products of civilization. Our ancestors amongst whom dental disease was a rarity, neither required nor used toothbrushes—they ate foods which nourished the body, including the gums and teeth and cleaned the latter far better than is possible by any toothbrush.

A section of the dental profession still tenaciously adheres to the slogan, a clean tooth never decays, yet, as individuals, we all know persons who, although they do not use toothbrushes, are unaffected by dental diseases, and alternately, others who, despite the regular and thorough use of toothbrushes, develop cavaties at frequent intervals.

Our slogan ought to be: Properly nourished and properly exercised teeth will not decay.

HERE, TOO

When Mark Twain, in his early days was editor of a Missouri paper a superstitious subscriber wrote to him saying that he had found a spider in his paper, and asking him whether that was a sign of good luck or bad.

The humorist wrote him this answer and printed it:

" Old Subscriber: Finding a spider in yourpaper was neither **good luck nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising so that he can go to that store, spin his web across the door and lead a life of undisturbed peace ever afterwards."**

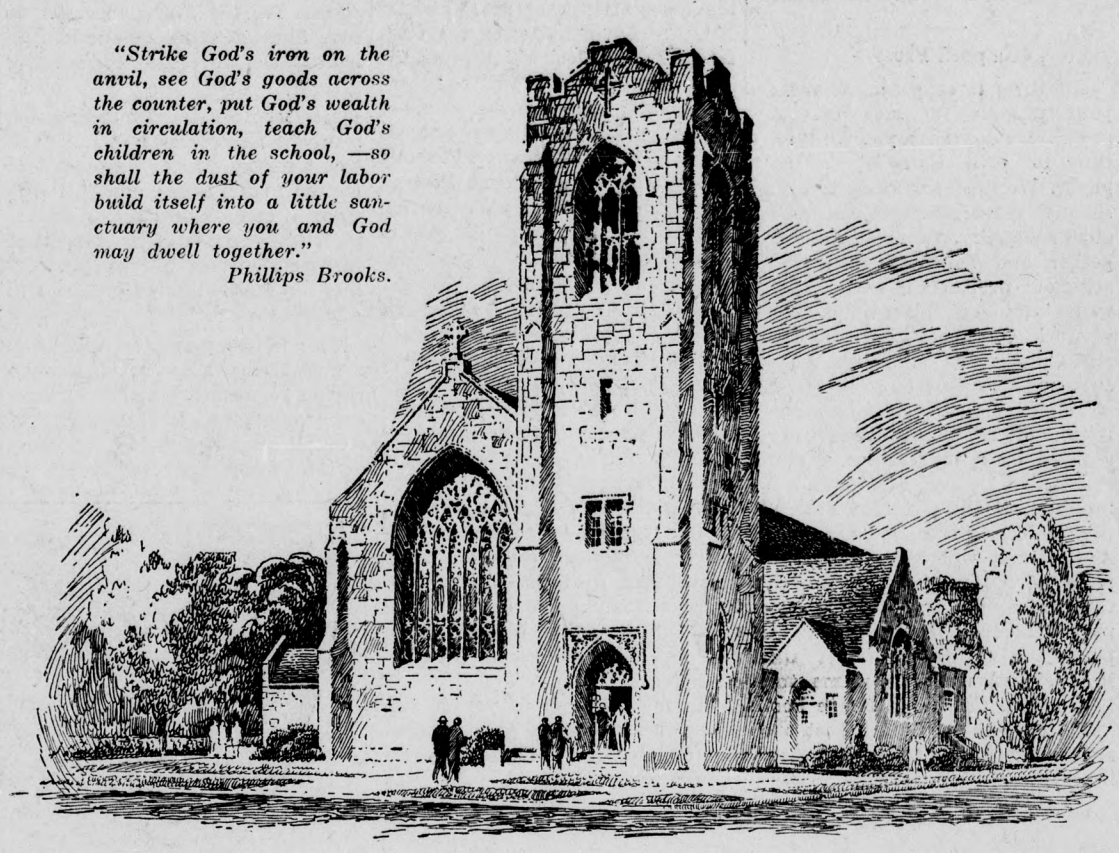
Phillips Brooks.



Rev. Bennett Bids Farewell To Rev. Buell... And His Family

I would like to take this opportunity as a fellow minister to express my personal regrets and also the feelings of many others at the removal of Rev. and Mrs. Albert Buell and their talented son, Robert from our midst. He has gone to a larger field of service and our best wishes go with him.

Also it would be fitting to express to Rev. and Mrs. Irons a cordial welcome from the friends of the Congregational church and many others who would desire to share with us this expression of good will. Mr. Irons brings with him a long and honorable term of service for God. Many already know him as he is by no means a stranger in these parts. We all look forward to many opportunities for cooperative activity.

Clinton Murdock is able to be about again after two months of serious illness contracted while in Los Angeles. He is recuperating at the home of his mother Mrs. M. Murdock.

EVERYBODY WELCOMES GOOD NEWS

When father comes home with a smile and tells mother business is improving, dinner tastes better.

The mailman and the newspaper boy are always welcome because a craving for good news is in the heart of every one of us.

A town is a good place to live in if it can keep reporting something new. We like to live where there is progress.

The world has changed considerably since that fellow in a bad state of mind wrote, "There is no new thing under the sun."

Those who support the gospel of religion think o fit as "good news." Living religion is ever transforming persons and society, ideals and organizations. Churches are changing constantly. There is not a sect in America which is not different from its original here or in Europe or in Asia.

The developing kingdom of righteousness is the good news humanity seeks. Create good news by keeping up in church.

Congregational Church Briefs

During the absence of Miss Merriman in Alaska her Junior Intermediate group will be taken care of by the Misses Ebba and Elin Swansan. A very interesting series of meetings have been arranged.

The Intermediate group and college group are busily preparing religious and other plays for presentation this summer.

It is hoped that some of the members will be able to attend the ences at the end of July. for a week. Mr. Bennett has been appointed as one of the lecturers to the high school groups this year. He will speak each day on the "Method of Young Peoples work."

St. Lucy Catechism Class Adjourns For Summer Months

The catechism class which has been held in St. Lucy's church on Saturday mornings will be discontinued during the summer season.

This elementary study in the principles of the Christian religion will be resumed in September, the exact date of which will be announced in subsequent issues of the Press.

The hour of the regular Sunday morning service conduced by Father John McGarr is 9 o'clock.

Build the Community Around the Church

BELOW appear the names of the professional men and Santa Clara county official leaders who have, by their endorsement and support, made possible this department of the Campbell Press . . . Voluntarily they have identified themselves with the pleasurable task of building the community around the church, which is recognized as the pivot point of our social, economic and political structure.

FRIENDS

Mrs. Ada C. Bohrman, Pastor
Campbell Pentecostal Mission

"A friend loveth at all times"—rich or poor, happy or sad, in trouble or out of trouble, sick or well—"a friend loveth at all times." He may tell us the truth about ourselves and so often it is the truth that hurts, but it is because He loves us and "faithful are the wounds of a friend; but the kisses of an enemy are deceitful." Prov. 27:6. There are many so-called friends in this world today wh come to us with soft words of praise and flattery but such words only tend to make us conceited and self-satisfied. The company and conversation of a friend are refreshing and reviving as Solomon tells us again in his proverb, the heart and so doth the sweetness of a man's friend by hearty counsel." As we consider that beautiful friendship between the Biblical characters, David and Jonathan, our hearts are stirred. We read "the soul of Jonathan was knit with the soul of David and Jonathan loved him as his own soul." In the stormy times that followed when King Saul's heart was hardened against David, Jonathan the king's son, never swerved in that great burning love he had for his friend David. Years later when David had become king, he still remembered his vow of friendship and caused the lame son of Jonathan to make his home in Jerusalem. As long as they both lived they were friends. "A man that hath friends must show himself friendly and there is a friend that sticketh closer than a brother." Ah! yes, it is a wonderful blessing to have earthly friends, but that Friend of all friends, Jesus Christ of Nazareth, is one that sticketh closer than a brother. He speaks to us in John 15:13 and says "Greater love hath no man than this, that a man lay down his life for his friends. Ye are my friends, if ye do whatsoever I command you." Are you the friend of Jesus, dear reader? He has laid down His life for you. Look up into His dear face and let Him come into your heart.

"Friendship with Jesus, Fellowship divine,
Oh, what blessed sweet communion,
Jesus is a friend of mine."

Hedegard Lauds Press' Support Of Prune Pool

Editor, Campbell Press—

Allow me to congratulate you on your progressive issue of your paper. I hope that you will continue to give Campbell a real paper. We need somebody to counsel with us for the best interest of our community, we must stand together and help one another to solve our problems if we are going to maintain our place in our line of work. Our most important duty right now is to sign the Prune Industry Cooperative plan.

This Plan was devised by a committee of representative growers assisted by a representative from the Federal Farm Board and by members of the Gianinni Foundation and the State Department of Agriculture, who after months of study of the industry wrote out this proposed Plan and it was readily accepted by nearly all the prune packers in the state who have signed up their prune tonnage in the California Prune Pool.

This is said to be the best and most reasonable plan ever devised in cooperation movements in this country for the reason it gives each one of the packers, including the association exactly the place they have gained f selemvrthomb they have gained for themselves in the industry and giving the grower the privileges to sign either the association contract which is 100 per cent delivery or the California Prune Pool which gives the grower the right to sell one-third of his crop to any packer member of the Pool. The other two-thirds is placed in a stabilization Pool and sold by the United Prune Pool on allotment basis to the participating packers, the grower will receive advances on same.

Furthermore it takes off the market all off grades so that unfit prunes will not be sold as picked prunes. It also gives the United Prune Pool an option to purchase any and all prunes which the packers have purchased from independent growers, at cost price to the packer. The packer agreed to pay $2.50 a ton on 80 and better and $1.00 a ton on 80 to 100 for all prunes purchased by them from independent growers. This money together with a like amount paid on all prunes of the United will be used for advertising and industry development.

Let me say this to you if you love your home and your occupation and really want to save yourselves from financial ruin, you must act quickly and either sign the association or the California Prune Pool contract because if we fail to get 85 per cent to sign up by August 10 it will be too late, there will be no substitute plan.

In my opinion there is not a chance for the average grower to save himself from financial ruin under the present competative system.

Don't be mislead by commission men who have nothing at stake and who promise you prices equall to United Prune Pool prices. All they want is to break down our chance to better ourselves. Remember when the sheriff moves you off they say some other easy mark will take your place.

This is in my opinion more than a stablization plan, it is a plan saying yes or no , whether we shall enjoy our plans and the labor of our toils or we shall join the army of the unemployed. Don't wait for a solicitor to call but sigu today and get your neighbor to do the same.

S. N. Hedegard.

Mr. and Mrs. Archie Keesling and children returned Monday from a 10-day vacation at Yosemite

A public installation of officers will be held by the Ada Rebekah Lodge of Campbell at the I.O.O.F. hall here Tuesday, July 19.

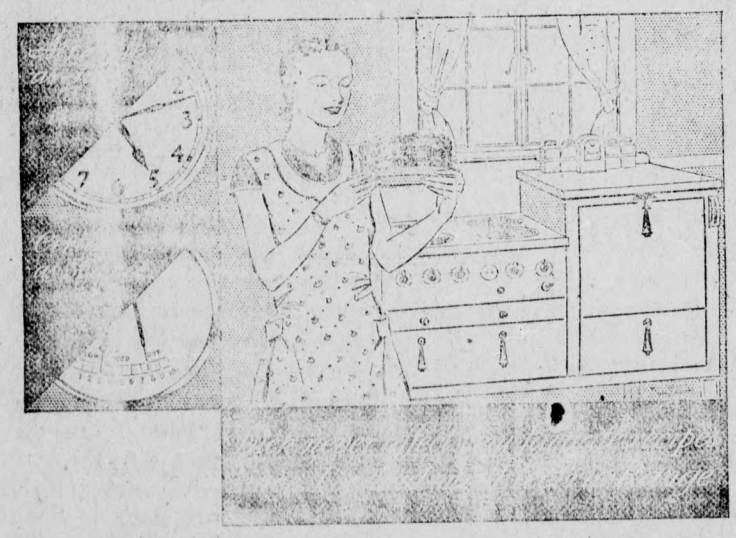
SPECIAL 45c DINNER SUNDAY

★ *MORE THAN 210,000 CALIFORNIA WOMEN SAY . . . .*

Electric Cooking is Economical...Scientifically Certain



When science turned to electricity as a means of lessening the labors of women in their household duties its greatest contribution was the electric range. When accurate thermometer temperature devices under automatic time control were made a part of the electric range, cooking became truly Domestic Science.

No woman need make guesses today with her baking—no woman need be worried about failure when she cooks with an electric range. When she cooks electrically she cooks by accurate recipe temperatures and can depend upon the precision temperature control to take all guesswork out of her most "fussy" baking.

For whole meal preparation for meats, vegetables, and cooked desserts, the woman who cooks electrically can place them all in an oven during the morning hours, leave the house for the rest of the day and come home again to a complete dinner perfectly cooked. For while she is gone the clock will turn on the clean heat of glowing electric coils and the thermometer will control the cooking temperatures.

In more than 210,000 California homes women cook not by luck but by electric cooking science. Recipes become time-after-time successes, for electric cookery is as accurate as time itself and certain as science.

See these modern marvels of cookery at your dealer's store or in your local P. G. and E. office. Electric ranges are not costly to buy and are economical to operate. Right now a Special Electric Range Offer is in effect which includes easy purchase terms.

LEGAL NOTICES

NOTICE OF DEFAULT AND TRUSTEE'S SALE

Notice is hereby given that default having been made in the payment of the interest and principal secured by that certain deed of trust executed by Cora L. Williams and Richard iWlliams, her husband, as grantors to the American Securities Company, a corporation, as trustee, and American Trust Company as beneficiary, dated the 3rd day of June, 1927, and recorded in the office of the County Recorder of the County of Santa Clara, State of California, in Volume 321 of Official Records at page 556 seq., records of said county and state, and said American Trust Company, a corporation, having on the 6th day of February, 1932, assigned said deed of trust and the money due thereunder to Ed Genasci, which said assignment was duly recorded on the 15th day of February, 1932 in Volume 601 of Official Records, page 289 et seq., Santa Clara County records, and said beneficiary Ed Genasci having by written instrument duly recorded in the office of the County Recorder of the County of Santa Clara, State of California, discharged the American Securities Company, a corporation, as trustee, and having appointed John P. Fitzgerald in its place and stead to act as said trustee and the American Securities Company having granted and transferred all of their right, title and interest in and to said deed of trust and the property covered thereby to John P. Fitzgerald, and application having been made to the undersigned John P. Fitzgerald by Ed Genasci, the owner and holder of the prom--ssory note and indebtedness by said deed of trust secured, that the undersigned sell the premises in said deed of trust as by said deed of trust provided, and notice of election to cause the real property to be sold to satisfy the obligation secured by the above deed of trust having been recorded on the 26th day of February, 1932 in Volume 603 of Official Records, page 209, records of Santa Clara County, California;

NOW, THEREFORE, the undersigned trustee will on Wednesday, the 6th day of July, 1932, at the hour of 10 o'clock A. M. of that day at the front door of the hall of Records of Santa Clara County in the City of San Jose, County of Santa Clara, State of California, in pursuant to the provisions of said deed of trust, sell at public auction to the highest bidder for cash, gold coin of the United States of America, all that certain piece or parcel of land situate in the County of Santa Clara, State of California, and more particularly described as follows, to-wit:

All of Lot 12, as shown upon that certain Map entitled: "Map of Campbell's Southwestern Addition No. 2 to the Town of Campbell, Santa Clara Co., Cal., being a part of the N. W. 1-4 Sec. 35, T7 S R 1 W, M. D. M.", which Map was filed for record in the Office of the Recorder of the County of Santa Clara on December 9, 1895 in Volume "H" of Maps, at Page 141.

Dated at San Jose, California, this 14th day of June, A. D. 1932.

CAMPBELL LAUNDRY HIRES LOCAL HELP

Many Campbell housewives have agreed, after considering the time, labor and material involved in washing clothes at home, that it is a distinct economy to have it done at the Campbell Laundry. Skilled employees (all Campbell residents) with the aid of modern, scientific equipment do quick, clean and thorough work.. Mr. John Barron is the new proprietor and has pledged himself to employ only Campbell help. Fred Fellman is the routeman.

Every type of laundry work including the popular wet-wash plan is handled by them. Specially processed gentle soap and continuously changed water used at the laundry insure safety of even the sheerest and daintiest fabrics during the cleansing operation.

In the Matter of
MARY SILVA,
An Abandoned Child.

To JOSEPH SILVA, the father of said child, and to GEORGIA SILVA, the mother of said child:

You, and each of you, are hereby notified that there has been filed in this court the verified petition of Bessie A. McDonald, Juvenile Probation Officer of the County of Santa Clara, alleging that the above mentioned child comes within the provisions of that certain act of Legislature of the State of California known as the Juvenile Court Law, approved June 5, 1915, and amendments thereto;

WHEREFORE, you, and each of you, are cited to appear before this court, sitting as a Juvenile Court, at the Courtroom of said Court in Juvenile Hall, at the northeast corner of Market and St. James Streets, in the City of San Jose, County of Santa Clara, State of California, on Friday, the 2nd day of September, 1932, at the hour of two o'clock p. m. of said day, then and there to show cause why the said child should not be adjudged an abandoned child, and why you, as the father and mother of said child, should not be permanently deprived of the custody and control of the said child by the written order of said court as provided for in said Juvenile Court Law.

And for failure to appear, you will be deemed in contempt of court.

WITNESS: F. B. BROWN, Judge of the Juvenile Court of the County of Santa Clara, State of California, with the seal of said court affixed this 24th day of June, 1932.

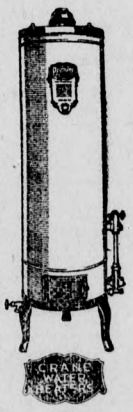
. . . and solid comfort



JONES used to have frequent evening grouches. But not any more. Since Mrs. Jones put in the new Crane Automatic Water Heater, he takes a quick warm shower and settles into a chair, nerves soothed, muscles relaxed, at peace with the world. "I guess that was a pretty smart idea, after all, about that heater," he says.

For you as well as for the Joneses, a Crane Premier or Keystone Water Heater will give the maximum in hot water comfort, the minimum in attention or trouble. Let us show you.

HIGH SCHOOL

(Continued from Page 1)

school plant was built, the high school purchased the old building and ground from the grammar school district. This has been used as an annex to the main building.

An interesting feature on the present location is the Roosevelt tree, which stands in the northwest corner of the grounds. When President Roosevelt visited California in 1903 he was asked by Mr. Smith to plant a California redwood on the school grounds. He agreed to do so, and on May 11, 1903 came to Campbell for that purpose. Here, surrounded by his official party and many visitors, he planted a young redwood, which has since grown to a height of sixty-five feet. The decorated shovel which the president used in piling the earth about the roots of the tree is still kept as a valuable possession by the students of the high school, and occupies a prominent place in their trophy case.

Another landmark is the large pine tree at the north-east corner of the building which was planted in 1913 to the memory of James Fredrick Smith by the alumni of the school.

In 1930 the trustees purchased the Hagelin property comprising eighteen acres, which they plan to use as the site for a new high school plant when economic conditions warrant such a move.

Soon after the establishment of the school, Mr. Smith made application to the University of California to have the high school placed on the accredited list. Records in the office of the director of admissions at Berkeley show that Campbell Union High School was first accredited in the year 1901-1902, and that the school has been on the accredited list of the University continuously since that date. This means that students who make a satisfacory record in high school are admitted to the University of California, Stanford University and other institutions of higher learning without examination (except an examination in English required of all candidates for admission). The accredited high school of the state are visited annually by a university examiner whose duty it is to examine the work of the school both as to content and quality and to recommend to the university whether or not the school shall be continued on the accredited list.

Many graduates from Campbell High school have entered various colleges and universities and reports from these institutions indicate that they compare favorably with students from other high schools, many of them being well above the average.

PRUNE POOL
